2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Newcastle Elementary School and District, located at the gateway to the foothills, first opened to 44 first through eighth-grade students in 1865. Although the building location has moved three times and enrollment for the elementary school has grown to over 400 students, it is still a small and close-knit community school, serving transitional kindergarten through eighth-grade district and charter students on the same campus and in the same classes.

Motto:

"Newcastle Knights – Gems of the Foothills, Shining Above the Rest"

Vision:

Newcastle School is the cornerstone of a lifelong community of learners where students, staff, families, and the community work together to ensure that students are successfully prepared for rigorous higher education coursework, career challenges, and a globally competitive workforce. Students are prepared for the highest level of social, moral, and academic development.

Mission:

The Newcastle Elementary School District is committed to working in partnership with the home and community. Our students will be provided with an academic program designed to develop the 21st Century skills necessary to become active and effective global citizens. Our students will be supported in a safe, positive learning environment that meets all students' needs, and fosters healthy academic, social, emotional, and physical development.

Newcastle Elementary/Charter School enjoys the reputation of having a very strong academic and social program with capable, caring staff and administration. The school provides for academic achievement through a rigorous curricular program focused on the common core standards and rich in arts and technology. In the Newcastle school community, we believe that every child can be successful, but not necessarily in the same way or on the same day and we work together to create opportunities for success for all students.

Students receive differentiated instruction daily through flex time in the four core areas. Each class has the benefit of an instructional assistant to support instruction and small groups during this time. All students in TK-8 receive weekly instruction in Spanish and Physical Education. Students who qualify may participate in additional activities such as after-school sports, theater, STEM classes, leadership, yearbook, robotics, chess club, cooking, video production, conservation, and Destination

2021-22 School Overview

Imagination. Club offerings continue to change based on student interest and our community partnerships.

Newcastle Elementary/Charter School recognizes the social and academic value of a positive environment. A school-wide student recognition program honors exemplary student behavior and citizenship through the Stellar Knight program, Student of the Month, monthly character traits, and academic excellence. Restorative practices are an integral component of our PBIS program. Academic differentiation and targeted supports, PBIS, and varied social-emotional health instruction and support are key components of our school-wide MTSS program.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Newcastle Elementary School District held a Public Hearing on September 11, 2019, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Newcastle School works closely with Placer County Office of Education to maintain safe, clean, and state-conforming facilities. The current school buildings were constructed in 1963 or more recently. Property improvements in 2018 include remodeling the following: 18 classrooms, library, office, hallways, and portions of the district office. Additionally, fire systems, infrastructure for technology, plumbing, and electrical were updated as well.

Cleaning Process:

Classrooms, restrooms, and the cafeteria are cleaned on a daily basis using the guidelines developed by the Placer County Office of Education and adopted by the governing board. A more thorough cleaning along with routine maintenance and repairs to buildings and grounds takes place during scheduled vacations and school breaks.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure that efficient service and the highest priority are given to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Newcastle Elementary/Charter School is a focal point for students, their parents, and the community. Parents play important roles in the education of their children through active and ongoing involvement. Parent volunteers are welcomed on campus daily in roles such as reading group leaders, classroom helpers, safety supervisors, project coordinators, field trip supervisors, career presenters, athletic coaches, library volunteers, enrichment club advisors, and Art, Music, and Garden Docents. Opportunities for parents to take on leadership roles occur through regular meetings with the School Site Council, Parent Teacher Corporation, and the District Advisory Committee. Due to COVID, all volunteer opportunities have been limited in accordance with state and local health guidelines.

We enjoy active partnerships with various clubs, churches, and organizations such as the Newcastle Golden Spike Lions, CHP, 4-H, Scouting, Newcastle Fire Protection District, and the Newcastle Community and Business Associations. Parents and community members who wish to participate in school or district committees, leadership teams, school activities or become a volunteer may contact the school office at 916.663.3307. Volunteers for school activities must complete the district volunteer packet.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

A focus on safety has given Newcastle a campus that is free of violence, drugs, and crime. The Comprehensive School Safety Plan (CSSP) addresses all required components of SB 187. The Site Safety Committee reviews the CSSP and conducts school safety inspections annually. Safety drills are held monthly and evacuation procedures are communicated to parents. The school staff explains policies about safety, behavior expectations, bullying and harassment annually to students and parents. The School Safety Team and Site Council annually review and refine the Comprehensive School Safety Plan. The CSSP is approved by the Site Council in January and then by the Newcastle School Board of Trustees in February, 2022.

2020-21 Types of Services Funded

2020-21 Types of Services Funded

Newcastle Elementary School District spent an average of \$13,515 to educate each student in the 2020-2021 school year. The table provides a comparison of a school's per-pupil funding from unrestricted sources with other schools in the district and throughout the state.

In addition to general state funding, Newcastle Elementary received state and federal funding for the following categorical funds and other support programs.

Title I services are provided for students needing assistance in grades 1-8 in reading and math. Each classroom teacher has an instructional assistant for a minimum of 30 minutes, 4 days per week, funded through Title 1 or the District designated School Improvement fund. iReady for intervention in reading and math is funded via designated student support funds. We receive Special Education funding. The above funding sources also support release time and staff development.

Due to COVID-19, we have also utilized additional state and federal funds to mitigate learning loss by providing additional targeted academic learning support and social-emotional support to our students.

2019-20 Teacher and Administrative Salaries

Professional Development

Newcastle Elementary School District offers a full day of per diem pay for Professional Development in addition to PD provided by the school and district. In-service days are provided prior to the start of the school and professional development is provided throughout the year with various offerings. In the 2021-2022 school year there are 2 half days of PD in addition to 2 full days. Present emphasis includes establishing Essential Learning Outcomes (ELOs) aligned to state standards, 4-Point Rubrics aligned to ELOs and report cards, Google Classroom and technology integration for instruction in a distance learning environment as needed, iReady (ELA reading and math intervention), CAASPP IABs, Positive Behavior Intervention Support (PBIS), Restorative Practices, and Trauma-Informed Practices, as well as other state-mandated training s including AB1266 and AB1808. School staff also attends training that supports the implementation of school-wide goals relating to student achievement and social-emotional wellbeing, and safety. Methodology for training selections is multifaceted.
